

# Share of gov spending to AfT - KENYA

**Agriculture** – 10% after independence; 8.5% in early 1980s and then fell gradually to 2.9% in 2004/5; 4-5% in 2005/6

**Roads** – High after independence; 2.7% by 1993/4; mid 1990s-2000 4-5%; major increases planned

**Private sector/manufacturing** – In 2005/6 spending on ministries of trade and industry + labour were \$65m and \$25m respectively

**SME sector** – limited support

# Donor support for AfT

**Sectoral distribution of ODA (economic and production)**
